

Performance Slip Yokes

sonnax®

Sonnax takes yokes to a new level by offering the industry's first affordable, high quality performance slip yokes. A winning combination you won't find anywhere else.

Sonnax slip yokes for 3R, 1310, 1330 and 1350 series U-joints are ideal for high horsepower and torque applications, from street car to street rod, drag strip to dirt oval track.

- Fully machined from billet steel for enhanced strength and durability
- Leak free plug tested to 40 psi for optimum sealing
- 1330 and 1350 Series yokes are chromoly steel
- **Excellent Corrosion Protection** - Black oxide finish which inhibits rust and pitting
- **Superior Fit** - Clean cut splines mate smoothly with output shaft
- **Exceptional Balance with Minimal Runout** - All dimensions are precision machined to guarantee a consistent, concentric slip yoke
- **Optimum Sealing and Yoke Movement** - Smooth outer journal for uniform contact with seal prevents leaks and promotes proper fore / aft yoke action

To suit the following applications	
Automatic Transmissions	Manual Transmissions
Powerglide	M20/21/22 with 27 / 32 Splines
TH350	Saginaw 3 & 4 Speed
TH400	Muncie
TH700 / 4L60E	Born Warner T10 with 28 / 32 Splines
C4	Top Loader 3 and 4 Speeds
C6	ZF 5 Speed
FMX	Tremec T5 with 28 / 31 Splines
AOD	Tremec T56 30 Spine
4R70W	
TF 727	

Part Number: T3-3-6081H
